NEW! Exhibition for Sophisticated Building Maintenance and Cleaning Technologies

BUILDING MAINTENANCE HUMAN FAIR & CLEAN EXPO 2017

ABOUT THE SHOW

✓ "Largest Exhibition in Japan for Facility Maintenance and Cleaning Technologies Organized by 2 Major Industrial Bodies"

This is a Joint Exhibition held by Japan Building Maintenance Association (JBMA) and Japan Management Association (JMA) featuring every possible business in Building Maintenance and Cleaning Technologies. JBMA is well-known as the public welfare body for raising social position and benefit of cleaning, building facility maintenance and security services, furthermore has been holding trade shows for the industry in alternate years since 1991. Meanwhile, Japan Management Association is an incorporated association annually holding over 40 exhibitions for various industries, and has launched "Clean EXPO" in 2014. Both associations will collaborate in merging the shows for organizing "BUILDING MAINTENANCE HUMAN FAIR & CLEAN EXPO", to establish a collective platform for Building/Facility Maintenance Professionals and Owners, and ultimately will become the largest exhibition of its kind in Japan.

✓ Facility Maintenance Professionals, Facility Owners, Makers, Public Sectors, All in One Place

This show guarantees the visit of building maintenance professionals through the network of JBMA's 47 prefectural branches, and the visitor information owned by both JBMA and JMA developed through trade shows. This show's visitor category will aggregately cover the following:

- ◇ Building Maintenance Professionals
- ◇ Building/Facility Owners
- ◇ Agent Prospects for Manufactured Goods
- ◇ Cleaning Services and Franchises
- ◇ Retailers for Cleaning Tools and Equipments

✓ Witness the Leading Cleaning Technologies in Japan

Under the domestic depopulation, makers are developing automated cleaning robots of which are available to be observed with demonstrations in respective booths. Together with product displays, cleaning professionals will be performing cleaning demonstrations on sight, and an award ceremony will be held rewarding the best cleaning staff nominated from 47 prefectural areas of Japan.
